

### Step 1

Head outside and find a smooth, round rock.

### Step 2

Use some white acrylic paint and paint your entire rock white. This is called a base coat - it will make the colours look brighter when you paint your ladybug. Take a break while you wait for your white paint to dry.

### Step 3

Choose a bright colour and paint your ladybug. Be patient while the paint dries then add some polka dots and eyes. Voila!

**Remember there is no right or wrong way to make  
a nature craft, so have fun!**

Nice work, Gumboot Kids! Daisy would love to see  
what you've made. Share a picture with
