

# DAISY & The Gumboot Kids

## DIY Forest Mobile

### Step 1:

Head outside and collect some nature treasures such as sticks, leaves, bark, acorns or pinecones from the forest floor. Choose things that you feel are special or beautiful. Remember to only collect what is plentiful.

### Step 2:

Choose a stick that is about the length of your arm and tie the ends of a piece of string to the ends of the stick so that you can hang your mobile.

### Step 3:

Thread your string through your forest treasures and tie them so that they hang along your stick. Ask an adult if you need help.

You can also add other craft supply treasures like bells or beads.

**Remember there is no right or wrong way  
to make a nature craft, so have fun!**

Nice work, Gumboot Kids! Daisy would love to see what you've made. Share a picture with @GumbootKids @CBCKidsca #GumbootKids #CBCKids
