

# DAISY & The Gumboot Kids

## DIY Pinecone Friend

### Step 1:

Head outside and collect some pinecones. Try looking under a coniferous tree like a fir or a pine.

### Step 2:

Grab some glue, googly eyes, buttons, pipe cleaners, paper, paint, whatever you would like to make your pinecone friend. You can use some simple craft glue but you may need to ask an adult to use a glue gun.

### Step 3:

Use your imagination! How many eyes will your pinecone friend have? Maybe she'll have feet, antennae or a tail. It's up to you!

What kind of animal would you like to make?

**Remember there is no right or wrong way  
to make a nature craft, so have fun!**

Nice work, Gumboot Kids! Daisy would love to see what you've made. Share a picture with @GumbootKids @CBCKidsca #GumbootKids #CBCKids
