

DAISY & The Gumboot Kids

DIY Shadow Art

Step 1:

Head out for a walk and collect some interesting shapes from nature, like a pine cone, a flower or a branch. Choose shapes and sizes. You can also incorporate things you find around your home, animal figurines.

Step 2:

On a sunny day, go outside and place your objects next to a piece of paper. Notice how the object casts a shadow on to the paper. Use a pencil and trace the outline of shadow.

Step 3:

Use coloured pencils or paints to colour your shadow art. Choose colours that make you feel happy! Shadow art is a simple nature craft to do at different times of the day. Notice how the shadows have changed?

**Remember there is no right or wrong way
to make a nature craft, so have fun!**

Nice work, Gumboot Kids! Daisy would love to see what you've made. Share a picture with @GumbootKids @CBCKidsca #GumbootKids #CBCKids
