

# DAISY & The Gumboot Kids

## DIY Fruit & Veggie Stamp Art

### Step 1:

Ask an adult for some leftover fruit and veggie scraps. Try using different shapes like an apple core, orange slices or the end of a celery stalk.

### Step 2:

Gather your craft supplies: paint, paint brushes and paper.

### Step 3:

Paint your fruits and veggies . Once they've got lots of paint on them press them onto your paper. Look at all the interesting textures and patterns each fruit and veggie stamp makes. Don't fuss about perfection.

You can use these fruit and veggie stamps to make art for the wall, thank you cards or even wrapping paper.

**Remember there is no right or wrong way  
to make a nature craft, so have fun!**

Nice work, Gumboot Kids! Daisy would love to see what you've made. Share a picture with @GumbootKids @CBCKidsca #GumbootKids #CBCKids
