

# DAISY & The Gumboot Kids

## DIY Ladybug Rock

### Step 1:

Head outside, Gumboot Kids, and find a smooth, round rock.

### Step 2:

Use some white acrylic paint and paint your entire rock white. This is called a base coat – it will make the colours look brighter when you paint your ladybug. Take a break while you wait for your white paint to dry.

### Step 3:

Choose a bright colour and paint your ladybug. Be patient while the paint dries then add some polka dots and eyes.

Voila! You have your very own lucky ladybug rock for you... or a present for a friend!

**Remember there is no right or wrong way  
to make a nature craft, so have fun!**

Nice work, Gumboot Kids! Daisy would love to see what you've made. Share a picture with @GumbootKids @CBCKidsca #GumbootKids #CBCKids
