

# DAISY & The Gumboot Kids

## DIY Paper Snails

### Step 1:

Use a page from a newspaper and fold it lengthwise into thin strips. No need to rush... you are making snails after all. Slow and steady wins the race!

### Step 2:

Roll the paper strips into a spiral then tape it into place.

### Step 3:

Paint your snails any colour you would like. When the paint dries you can add a face to your little snail friend. You can use googly eyes and two little twigs to make some antenna.

These paper snails can be placed on a book shelf to remind you to slow down and enjoy the moment — just like snails do!

**Remember there is no right or wrong way  
to make a nature craft, so have fun!**

Nice work, Gumboot Kids! Daisy would love to see what you've made. Share a picture with @GumbootKids @CBCKidsca #GumbootKids #CBCKids
