

DAISY & The Gumboot Kids

DIY Willow Crowns

Step 1:

Head out for a nature walk search for a willow tree. Look on the ground underneath it. Chances are you'll find some branches lying below. Gather a few to take with you. You can also use other bendy thin branches if you can't find a willow.

Step 2:

Make a circle with a long, bendy branch. Tuck the stem under. Make a circle and twist. The circle should be able to fit on the top of your head. Weave more branches in and around the circle until it's nice and sturdy.

Step 3:

Decorate your crown by weaving in colourful flowers and leaves.

**Remember there is no right or wrong way
to make a nature craft, so have fun!**

Nice work, Gumboot Kids! Daisy would love to see what you've made. Share a picture with @GumbootKids @CBCKidsca #GumbootKids #CBCKids
