

Step 1

Head outside and collect some pinecones. Try looking under a coniferous tree, like a fir or a pine.

Step 2

Gather your craft supplies, you'll need glue, googly eyes, buttons, pipe cleaners, paper and paint. You can use some simple craft glue but you may need to ask an adult to use a glue gun.

Step 3

Use your imagination! Maybe she'll have feet, wings, antennae or a tail. It's up to you!

What kind of pinecone friend would you like to make?

Remember there is no right or wrong way to make a nature craft, so have fun!

Nice work, Gumboot Kids! Daisy would love to see what you've made. Share a picture with @GumbootKids @CBCKidsca #GumbootKids #CBCKids
